*Andiamo is one of the few restaurants to offer the Vineyard Fresh Preservation System. As the name implies, Vineyard Fresh helps to preserve wine in perfect condition for an extended period of time. It does this by replacing the empty space in a bottle with harmless Argon gas, protecting the wine from the ageing effects of oxygen. This is the same food-grade gas that is used in wineries, world-wide. We are proud to be able to take this extra step which allows us the opportunity to offer a wide selection of glass pours, while ensuring optimal freshness.*

**Wine Spectator Grand Award Winner 2006, 2007, 2008 & 2009**
